

# COMMUNITY NEWS

Mid-February  
2014

*This community newsletter is sent out usually twice each month on behalf of tawalink.com, Tawa's community website which has been supported by the Tawa Residents' Association since 2002.*

## NZTA PROPOSALS FOR THE TAWA AREA

On Friday 7 February I (the Ed.) sent the following email to the 1200+ local recipients of this newsletter:

*By now you'll probably be aware that the NZ Transport Agency is contacting Takapu Valley residents to advise them of the possibility of a two-lane highway being constructed through their valley to link up with the yet-to-be-built Transmission Gully. At the same time Tawa residents are being contacted by NZTA with the advice that the alternative to the Takapu Valley option is to widen the motorway through Tawa. Both proposals would have major effects on residents and are causing huge concerns and resulting in some very upset people - with just cause!*

Three individual maps - as presented to individual residents in Cecil Road and Ongley Cres - joined together to show how their properties are likely to be adversely affected.

*Members of the Tawa Community Board (including the writer) have been speaking with many of those affected. At this stage the board has not been briefed by NZTA and has limited information about the proposals. However we will continue to work closely with community members in both Tawa and the Takapu Valley, all of whom live within the Tawa Community Board's "jurisdiction".*

### COMING UP:

- At its monthly meeting this coming Thursday evening, the Tawa Community Board will be receiving an NZTA briefing. This meeting is open to the public, although only board members may ask questions at the time. The venue is the boardroom at the Tawa Community Centre at 7pm.
- NZTA is also providing the opportunity to view and discuss their proposals at the Linden Social Centre on Wednesday 26 February between 3pm and 8pm.

## A BARBECUE IN YOUR STREET?

A number of us will be getting together to throw around a few ideas about running a neighbourhood barbecue (or similar). You can contribute or, if you haven't already run a street get-together, you can just listen.

So if you would like to know more about running an event in your street for Neighbours' Weekend in March, or if you've previously done so, join us at the Tawa Community Centre 4.30-5.30pm on Sunday 16 February. Queries to 232 5030 or see [www.tawalink.com/neighbours.html](http://www.tawalink.com/neighbours.html).

It's a fact that streets in which neighbours know each other are the "places to be", both in terms of everyday connectedness and in times of crisis!

## BARBECUE IN KIWI CRES

On the subject of neighbourhood barbecues, six families in Kiwi Cres joined together on Sunday 2 February for a barbecue hosted by Tina and Scott. They're planning a bigger one for Neighbours' Weekend in March.

The photo shows Scott (left) and Terry filling in their "Everybody needs good neighbours' cards" which, ideally, every single one of us should be carrying in our wallets, containing details of our own immediate neighbours!

## AN ARTIFICIAL TURF IN TAWA – TO BE OR NOT TO BE?

Representatives of the Tawa Community Board have met with local rugby and football representatives to discuss the Wellington City Council's proposal to defer funding for an artificial sports turf in Tawa for perhaps four or five years, or perhaps indefinitely.

A further meeting is scheduled for this week. It will involve the community board (including the two councillors), Tawa College and Tawa Intermediate principals, and local rugby and football representatives being addressed by Cr Paul Eagle (chair of WCC's Community, Sport & Recreation committee) and having the opportunity to discuss matters with two or three Council officers who will be present.

As stated in our most recent newsletter: **"If Tawa people feel strongly about this issue, it is up to you to let the Council know your views.** Submissions to the Council on the draft annual plan (under which funding for the artificial pitch would be either included or excluded) can be made from 11 February through to 11 March." That is when individuals and/or groups in the community have the opportunity to express their views.

Further comment will be made in the next edition of this newsletter.

## PROGRESS AT WILLOWBANK

You will know that a number of pine trees came crashing down at Willowbank Park in last June's storm and that many of those still standing were subsequently removed. The damaged pedestrian bridge was repaired after a number of weeks but restoration of the track linking the bottom of Taylor Terrace to the Main Road and Takapu Station hasn't yet taken place.

WCC's Parks & Recreation have advised that they are expecting a contractor to be providing them with a costing for the restoration work about now, with the intention being that the job should commence within three weeks.

In another area of Willowbank Park, construction of the pedestrian bridge at the southern end of the Tawa Valley Pathway - Ara Tawa is scheduled to start this week. We'll be keeping an eye on progress!

## TAWA MUM ANNOUNCED AS HUBBARDS 'AMAZING' LOCAL HERO

Tawa-based Tracy Wellington and husband Phil Davies founded the charity Kiwi Community Assistance after watching the television documentary "Inside Child Poverty New Zealand". They've now been chosen as one of three heroes in the Hubbards Box of Amazing competition. As well as being given \$5000 from Hubbards, it's now the New Zealand public's turn to throw their support behind Tracy by voting for her at the Hubbards Facebook page [facebook.com/hubbards](https://facebook.com/hubbards).

"Tracy shows us all what we're capable of as individuals in our communities. She saw a problem and wanted to help," says Kimberley Thorpe from Hubbards. "Her passion and ability to work closely with other charities is making a huge difference in her community."

Kiwi Community Assistance distributes donated goods (clothing, household items) and food parcels to families in need in the North Wellington/Porirua area. Tracy sacrificed her accounting job to devote 60 hours a week, unpaid, to people in need.

"We provide a hand up, not a hand out – distributing food, clothing, footwear, furniture and whiteware for free, to families in the Wellington region. The donations are distributed through existing charities," says Tracy. "I'm thrilled to be a Hubbards Amazing Hero and will use the funds to secure rental for a warehouse to store our non-perishable donations before they're distributed."

Make a Vote. Make a Difference. Support Tracy at [www.facebook.com/hubbards](https://www.facebook.com/hubbards). Voting is open until 28 February and you are able to vote once a day. Also, don't forget to pop along to your local supermarket to buy a box of Hubbards Amazing Passionfruit & Vanilla Muesli. For every pack sold, Hubbards are donating 60c. So help Tracy increase the kitty and support this amazing cause.

THE FINE FOLKS at the Rotary Club of Tawa do an awesome lot of good in this community. Over the course of the year they raise many thousands of dollars which is directed to various community causes. For example, the most recent re-planting of the hanging baskets in the Main Road shopping centre was funded by Tawa Rotary, at a cost of \$1200+.

Their biggest fundraising exercises are the giant book fair held each July (raising around \$20,000) and "liquor management" at various events at the Stadium which brings in several thousands of dollars more.

This past weekend a substantial number of Tawa Rotarians kept an eye on goings-on at the various food outlets and bars at the Stadium. They assist in ensuring that alcohol isn't served to either 'minors' or to those who have drunk too much already.

The writer served the Friday afternoon shift. Some Rotarians serve all four shifts, two per day, an exceptional effort! It's always fun seeing the amazing array of costumes on display, some of which are shown in these photos. I have my doubts that the hamburger actually got to sit down!

The photo above right shows a certain individual about to present the cup to the winning team, or at least pretending to! In reality this shot was taken two days before the Sevens, at the civic reception which was held for the participating teams in Civic Square.
